

Year 5 Rivers Homework Project

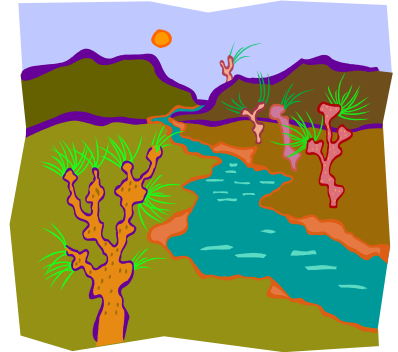

Term 4 2021

This term, we will be looking at rivers and coasts for our geography topic. For your homework project, we would like you to do some research and create a presentation about one, or a selection of, world or UK rivers.

You could choose from:

- The Nile
- The Amazon
- The Seine
- The Congo
- The Danube
- The Thames
- The Severn
- The Avon

- Any other river you would like to find out about!

Possible topics to cover in your project:

- **Where the river is in the world** - you could produce a map.
- **Facts and information about the river** (length, depth, source, mouth etc).
- **The plants and animals that live in or near the river** - you could use writing and illustrations.
- **The major towns and cities along with river, and something interesting about those places** - maps, writing and illustrations would look great for this.
- **Any interesting historical events that have happened on or near the river** - you could write a diary entry set during an important historical event.
- **Anything else interesting you can find out about your river** - presented however you like!

We would like this project to be handed in as a booklet, information poster, or a creative piece/model. Complete projects can be handed in on **Friday 26th March**, to give us chance to look at everyone's fantastic work.

We look forward to seeing your homework!
