

## Literacy

We will begin by reading 'Jemmy Button' and use this text to help us consider how characters react to different settings. After that we will be looking at persuasion texts and write our own text persuading people to visit Brazil. We will also look at writing a persuasive letter highlighting the fate of families in Brazil's favelas.

We will also continue to develop our spelling, punctuation and grammar skills and apply these to our writing.

## DT

### Super Salads

We will learn about the wide variety of different ingredients available to design and make our own salads. We will also learn about eating a balanced diet and different ways of preparing and combining ingredients.

## PE

We will be focusing on co-ordination when sending and receiving different size balls.

We will also be putting dance sequences to the music of 'Rio' though the linking of actions and the expression of our own ideas.

## Numeracy

We will begin the term by exploring fractions, including counting in fractions, finding fractions that are greater than one, adding and subtracting fractions and solving problems that involve finding fractions of quantities.

We will then move on to learning about decimals. This will include pictorial and practical representations of a whole, tenths and hundredths.

# Term 4 Brazil

## Geography

We will be comparing life in Brazil with our own lives in the UK. We will particularly focus on similarities and differences by comparing the daily life of a tribal child with our own and by investigating the lives of people living in different parts of a Brazilian city and compare to Bristol.

## ICT

We will use programming software to write code to move an onscreen turtle.

## RE

We will be learning about different festivals and celebrations within religions, including Diwali, Pesach and Easter.

## Music

We will intersperse our day with music in different ways; to support our well-being; as a way of learning new information.

## Science

### **Solids, liquids and gases**

We will investigate how temperature can cause materials to change state. We will also investigate evaporation and link this to the water cycle.

## Spanish

We will learn the numbers 20 – 100.

We will also learn the nouns in Spanish for members of our family and be able to say their age, linking in to knowing numbers

## PSHE

Our focus is 'Healthy Me' and we will look at our friendships groups and the roles we play in them; facts about the impact smoking and alcohol have on our health and how to deal with difficult situations.
