

English

Kensuke's Kingdom – We will explore the story and use it as the inspiration for our own writing.

We will write many different genres including:

Narrative

Journal/Diary Entry

Persuasion

Geography

Coasts

Identify geographical regions of the UK.

Use the eight points of a map to describe positions

Describe key features of coasts (eg. headland, cave, arch, stack).

Understand how humans maintain and protect the coast.

Science

Separating Materials

Using and refining different techniques for separating materials, including filtering, sieving and using magnets

Creating our own filters

Using evaporation

Using chromatography

Art

Painting

We will use the paintings of Constable, Gainsborough, and Monet to inspire us to paint landscapes. We will look at different techniques to show depth and create backgrounds and foregrounds.

Music

Jazz

Listening and appraising
Playing instruments and improvising
Performing jazz music

Spanish

At the café

Learning names of food and drink.

Year 5 Term 2

R.E.

What would Jesus do?

Bible stories and their messages
How can these stories relate to our lives today?

Mathematics

Multiplication and division

We will recap our learning from last term about multiples and factors as well as understanding the properties of prime, square and cube numbers.

Fractions

In our first unit on fractions, the children will learn how to find equivalent fractions and start to add and subtract with fractions.

P.E..

On Tuesday the children will do PE with Mr Wilson. In Week 5 and 6 will be going swimming.

I.C.T

Creating Media

PSHE

Forming and maintaining positive relationships
Understanding different types of relationship
