CHALLENGE

Look above at some seasonal fruit and vegetables for the Spring term. We challenge you to try to make a meal or snack with some new in season fruit and vegetables. Be sure to ask a grown up to share your photo of your meal or snack on social media. Tag us and use our hashtag #educatering #goosemoorfood

THIS MONTH WE ARE GOING TO MILES TEA AND COFFEE

Based in Minehead, the Miles Tea and Coffee team takes great pride in “purchasing the very best tea and coffees, maintaining the blend.”

Did you know the name Miles goes back a long way? They have been blending tea since 1888! As pro cuppa-making experts, they have drunk gallons of tea and coffee over the years.

Derek has spent 70 years working in the trade. 60 years of those have been spent in Porlock with Miles Tea and Coffee. Even at 90 years old, Derek is still involved with the company and regularly visits when he can and always calls the team daily.

Miles Tea and Coffee are proud to be a founding member of the Ethical Tea Partnership. This partnership looks into building deep relationships with the brokers. “We would describe ourselves as a human brand, so, as well as producing the finest teas and coffees, we want to make a meaningful difference to the lives of other people. It is important to us that we are involved in a project that helps to improve women’s rights, provide education, and contribute to clean drinking water being readily available to the plantation workers, without whom our beverages wouldn’t exist. It makes us happy, knowing we are helping to do great things, from Minehead and Porlock to Africa and India.”

“Pop the kettle on, put your feet up and enjoy a moment with Miles.”
